Very difficult ----- Very easy

----- ☒

Now that you've completed the neuroFit task, how easy would it be to do it on your own?

If you had access to the neuroFit task, how often would you use it?

At home brain health monitoring features

We are assessing the utility of the neuroFit task as an at home brain health monitoring tool. How important are the following features?

Ability to track my performance over time

A way to make notes about my performance

Ability to share results with my doctor

Customer service

Ability to merge results with data from my Fitbit or other wearable

What yearly subscription rate would you be willing to pay for access to a brain health monitoring tool?

We appreciate any comments or suggestions:

Thank you for your input!
